

# AFGL - TEQBALL

**AFGL**  
American FootGolf League

The American FootGolf League is excited to announce a unique cooperation between the AFGL and Teqball. Teqball would like to offer one of the TEQ tables to each of the golf courses promoting the sport of FootGolf that are affiliated to the AFGL. The AFGL leadership thinks this is a great way for foot-golfers to warm up for their round of FootGolf and it gives our Member Courses another opportunity to expose their guests to yet another great sport.

Contact us about how to get your table.

# THE TEQBALL JOURNEY

## FITEQ

Established in March 2017, the International Teqball Federation (FITEQ) is the governing body presiding over all matters relating to the sport of teqball. In 2022 FITEQ has more than 140 National Federations worldwide. The sport of teqball has enjoyed strong growth over the last few years as a result of increasing athlete participation, a growing competition calendar, an expanding fanbase and the ongoing development of strategic partnerships. As far as the event calendar is concerned, four successful editions of the Teqball World Championships have been held. The 4th World Championships was held in Gliwice, Poland where 42 countries participated in front of a capacity audience of 10000 spectators, including distinguished personalities such as IOC Members, NOC Executive Directors, and high profile sports stars from across the world.

## WHY WAS TEQBALL CREATED?

Teqball is a football (soccer) based sport, played on a specially-curved table (the Teq table), which is attracting a new generation of athletes and amateur enthusiasts (teqers), whose ambition is to develop their technical skills, concentration and stamina. The sport originates from Europe with currently more than 140 National Federations worldwide and with the ultimate goal to be included as a medal sport at the 2028 Los Angeles Summer Olympics. Teqball is a truly gender-equitable game, as the rules define that teqball shall be played between two (singles) or four players (doubles), irrespective of gender.

# THE FOUNDERS

**VIKTOR  
HUSZÁR**

**GYÖRGY  
GATTYÁN**

**GÁBOR  
BORSÁNYI**

## **VIKTOR HUSZÁR** CHAIRMAN

Viktor is the Chairman of FITEQ and the Co-Founder and Co-Inventor of Teqball, who is responsible for the overall management of the Teqball Group. He is the scientific mind in the teq team and an international speaker on technologies used in sports. He is a football-loving computer scientist, who put the engineering resources behind Teqball. He is also the President of the Football Club of the Budapest University of Technology & Economics.

## **GYÖRGY GATTYÁN** VICE-PRESIDENT

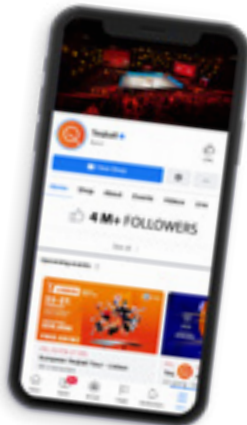

György is an international businessman, he is the founder and owner of Docler Holding, which employs over 1,500 people worldwide, with offices in Los Angeles, Luxembourg, Hong Kong, Barcelona, Paris and Hungary. Recognising the value teqball could bring to the world, he is now responsible for the Teq business strategy. He is also Vice-President of FITEQ and as such, he is responsible for defining the vision of the Teqball Group.

## **GÁBOR BORSÁNYI** PRESIDENT

Gábor is the President of FITEQ and the Co-Founder and Co-Inventor of Teqball. He is an university associate professor and a former professional football player, who retired at a young age and came up with the idea of teqball, the cleanest form of football. With two decades' worth of experience and a keen eye in business establishment and event organisation, he managed to position himself among Hungary's elite business minds and sports enthusiasts. Gábor's experience and creativeness have helped expand the reach of teqball and shape it into the sport it is today.
